IVCC

IVCC is the only product development partnership (PDP) working in vector control. Established in 2005, IVCC works with stakeholders to facilitate the development of novel and improved public health insecticides and formulations and provides information tools to enable their effective use. IVCC's vision is simply to save lives, protect health and increase prosperity by preventing insect-borne diseases. IVCC is funded by the Bill & Melinda Gates Foundation, UKaid, USAID, UNITAID and The Swiss Agency for Development and Cooperation.
